Year
2014

TUBA House.

Location

Italy_Siena

Goal

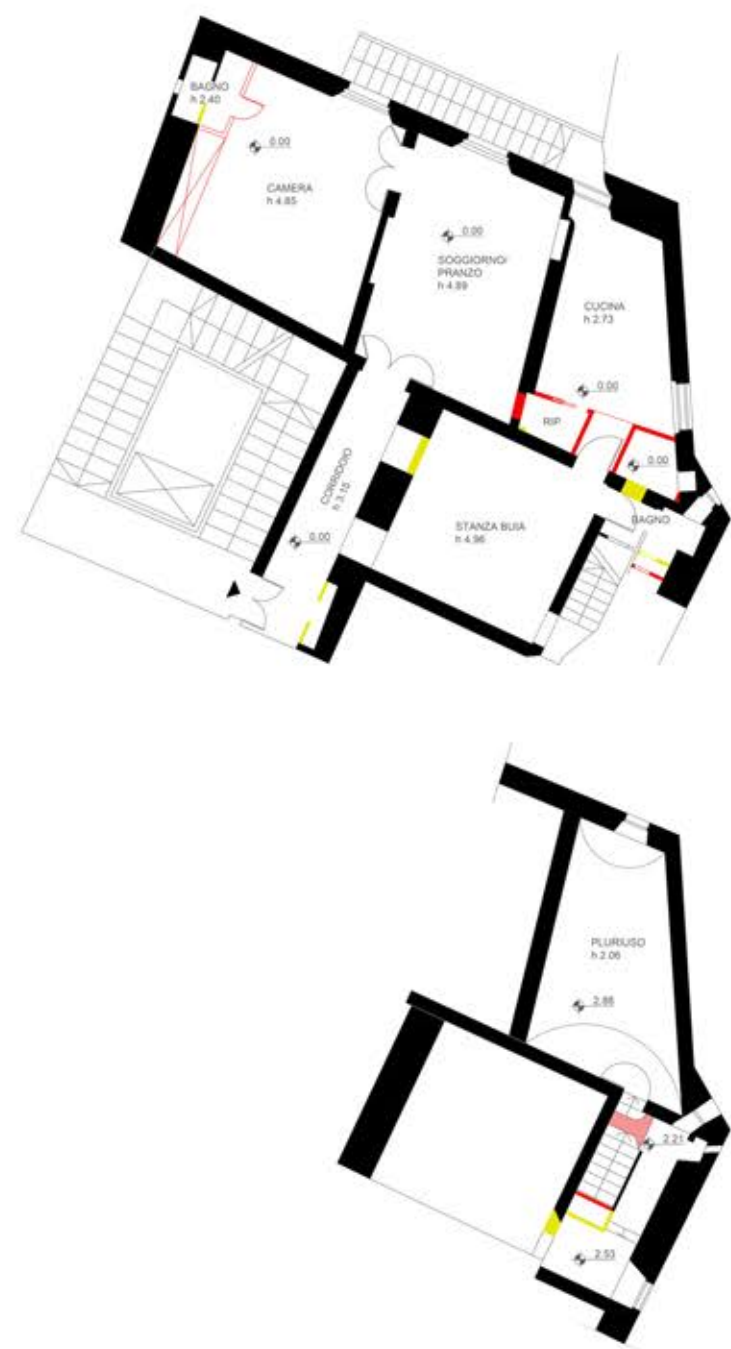

Refurbishing. Different distribution of the interior spaces.
Redesign of the internal staircase

Functions

Private house

Year

2013

The refurbishing of the apartment is needed to improve the quality and the connection of interior spaces and increase the light penetration. The ancient floors are kept and others are replaced (dining room, kitchen, living room) with white marble and wood floors in the upstairs. The stair is completely redesigned and lined with wood.
